

Before we begin

A checklist to help make sure you've got everything in order before our project starts.

✓ **We need the following items before we start:**

- Your logo as an .ai, .svg, or .eps file (PNG or JPG acceptable but not preferred)
- Website questionnaire completed
- Google Analytics tracking code (if you already have one)
- Finalized content for the website
- Any high-resolution images you'd like us to consider (or links to Depositphotos images)
- Avatars of your team shot with similar lighting and saved in a square format if available
